CREWED YACHT CHARTERS 2020 TERMS & CONDITIONS

Charter rates are in Euro and refer to daily weekly charter period, **including:**

Use of yacht & her facilities (on board entertainment equipment and water toys included).

Charter rates do not include:

- **VAT** (currently) 12% upon charter rates, 24% for day charters

- **APA** (Advance Provisioning Allowance). All expenses related to fuel and water consumption, food, beverages and alcoholic drinks, port and canal fees, are extra of the charter price, which includes only the fees for the yacht and its crew. Customarily in crewed charters, client pays a lump sum amount for all these extra charges up front and it is the captain's responsibility to proceed with payments and hand, at the end of the cruise, analytical receipts to the client. The amount for these expenses is called Advance Provisioning Allowance (APA) and its purpose is to enhance the level of services rendered, by allowing the client to remain un-distracted by day to day expenses. As provisional expense, APA ranges from 20% to 30% of the charter fees. Of course APA depends upon the level of provisioning that the client requires, but as crewed charters include breakfast, lunch and dinner along with beverages and alcoholic drinks, this is a considerable sum. It goes without saying that if at the end of the charter APA is not exhausted, the remaining balance is returned to the client. On the other hand in case more expenses have occurred, client is kindly requested to make up the balance on spot.

- **Travel arrangements prior to charter:** Airport welcome and transfers, ticketing, hotel accommodation, rent a car, tours, exchange. We can however assist in these arrangements, especially the transportation to and from the yachts, with the incurring cost included in the APA.
- **Crew Gratuities:** Although Crew Gratuities (tips) are left solely to the Charterer's discretion, we generally suggest a gratuity calculated between 5% and 15% of the contracted gross Charter Fee. We would like to stress out though, that a Charterer is under no obligation to leave a gratuity and at no time should a gratuity be solicited, either verbally or in written form when settling the final account.
